Pt. Sanjay Rath
www.parasarahora.com

Good and Evil

Riṣṭa-Ariṣṭa

ādau janmāṅgato vipra riṣṭā'riṣṭaṁ vicārayet |
tatastanvādibhāvānām jātakasya phalaṁ vadet || 1||

Before venturing into the reading of results of the bhāva for the native, the first duty of a jyotiṣa is to determine the riṣṭa (evils, dangers) and ariṣṭa (good, protection, counter to riṣṭa) in the chart

Riṣṭa

- causing tear, breaking, injury, hurt, miscarriage;
- symbolised by the weapons of the digpāla devatā; the power to punish, maim, torture;
- bad luck, bad omen, misfortune, calamity

Ariṣṭa

prefix 'a' is reversal of riṣṭa

- armour, proof against injury or damage, secure, safe;
- warning against misfortune like birds of ill omen who forewarn against impending dangers – heron (Sun), stork (Mars), crow (Saturn);
- using antidotes like garlic, buttermilk, turmeric;
- thereby vouchsafe good fortune, happiness

Parāśara Upadeśa

चतुर्विंशतिवर्षाणि यावद् गच्छन्ति जन्मतः।
जन्मारिष्टं तु तावत् स्यादायुर्दीयं न चिन्तयेत् ॥ २॥
caturvīṁśativarṣāṇi yāvad gacchanti janmataḥ |
janmāriṣṭam tu tāvat syādāyurdāyuraṁ na cintayet || 2||

Longevity of a chart should not be even thought about (predicted) till the 24th year is completed which is the janma-riṣṭa period

1. 24 syllables in gāyatrī
2. Bala-riṣṭa → 12 Years
3. Yoga-riṣṭa → 20 Years
4. Janma-riṣṭa → 24 Years
5. Periods of ill health and such misfortunes can be stated as being 'evil' or 'dangerous' but never 'death'
6. To predict longevity i.e. death brings in gāyatrī doṣa and removal of sin ब्रह्म शाप मोचन (brahma śāpa mocana), is necessary.

Four Sins

- Gāyatrī has three pāda (steps) as follows Agni [math $8 \times 3 = 24$]
 - Gāyatrī is blocked by four sins caused by ṣaḍripu (6) [math $6 \times 4 = 24$]
 - These four are in each of the four Kendra bhāva, the pillars
1. Lagna (sunrise) doṣa: Brahma-ṛṣi | Sūrya
 2. Karma (10H, midday) doṣa: Vasiṣṭha | Viṣṇu
 3. Kāma (7H sunset) doṣa: Viśvāmitra | Rudra
 4. Turīya (4H midnight) doṣa: Śukra | Śaktī

Duṣṭhāna Chandra

ṣaṣṭhāṣṭariṣphagaścandraḥ krūrauḥ kheṭaiśca vīkṣitaḥ |
jātasya mṛtyudaḥ sadyastvaṣṭarṣaiḥ śubhakṣitaḥ || 3||

- If Moon is in duṣṭhāna {6th, or 8th or 12th bhāva} from Lagna
- And Moon is aspected by malefic planets then the native's death will occur soon.
- Death occurs in 8th year if other benefic planets are also weak and powerless
- 1. Moon is duṣṭhāna with Saturn aspecting Lagna is brāhmaṇa (paṇḍita) yoga – the native becomes an ardent follower of veda and vedāṅga.
- 2. Such a Moon when aspected by malefic planets while benefic planets are also weak, becomes incapable of sustaining life
- 3. Lagna gives intelligence, Sun gives wealth while Moon gives longevity

Duṣṭhāna Vakra-Graha

शशिवन्मृत्युदाः सौम्याश्चेद्वक्राः क्रूरवीक्षिताः।
शिशोर्जातस्य मासेन लग्ने सौम्यविवर्जिते॥ ४॥
śaśivanmṛtyudāḥ saumyāścedvakraḥ krūravīkṣitāḥ |
śiśorjātasya māsenā lagne saumyavivarjite || 4||

- Even retrograde benefic planets [placed in duṣṭhāna] are death inflicting like the Moon, when aspected [or conjoined] malefic planets.
- Under these conditions, if Lagna is neither aspected or conjoined a benefic planet then the child dies within a month of birth.
- 1. A retrograde benefic aspected or conjoined malefic planets in duṣṭhāna is like a curse.
- 2. Such afflicted Moon or benefic planets in duṣṭhāna when associated with malefics become duṣṭa graha

Durmantra

यस्य जन्मनि धीस्थाः स्युः सूर्याकीन्दुकुजाभधाः।
 तस्य त्वाशु जनित्री च भ्राता च निधनं व्रजेत् ॥ ५॥
 yasya janmani dhīsthāḥ syuḥ sūryākīndukujābhadhāḥ |
 tasya tvāśu janitrī ca bhrātā ca nidhanam vrajet || 5||

- If the 5th bhāva has the conjunctions of Saturn, Mars, Sun and Moon, the mother and brother are to die in quick succession
- 1. Moon conjoined all three malefic planets Mars, Sun and Saturn is in a very evil (angry) position
- 2. Moon affliction threatens mother while Saturn affliction threatens brother (elder)
- 3. The mantra bhāva comes under a curse called 'durmantra' which is to take effect shortly

Tri-pāpa

पापेक्षितो युतो भौमो लग्नगो न शुभेक्षितः।
 मृत्युदस्त्वष्टमस्थोऽपि सौरैणार्केण वा युतः ॥ ६॥
 pāpekṣito yuto bhaumo lagnago na śubhekṣitaḥ |
 mṛtyudastvaṣṭamastho'pi saureṇārkeṇa vā yutaḥ || 6||

- Mars with Sun and Saturn in Lagna without the redeeming power of strong benefic planets causes immediate death of the child
- Such a combination [of Mars, Sun and Saturn] in the 8th bhāva is also the cause of immediate death
- 1. In the previous śloka we saw how Mars, Saturn and Sun jointly on one house can completely destroy it.
- 2. When they act on the Moon (life sustainer) on the 5th house, they give instant death
- 3. Similarly the Lagna and 8th bhāva are the contributing houses for longevity. The three malefics acting together on these houses will curtail longevity

Catur-pāpa

चन्द्रसूर्यगहे राहुश्चन्द्रसूर्ययुतो यदि।

सौरिभौमेक्षितं लग्नं पक्षमेकं स जीवति॥ ७॥

candrasūryagrahe rāhuścandrasūryayuto yadi |

sauribhaumekṣitaṁ lagnaṁ pakṣamekaṁ sa jīvati || 7||

- Rāhu in Cancer or Leo conjoined the luminaries (Sun and Moon)
 - And Saturn, Mars aspect (or conjoin) Lagna
 - Baby does not survive a week
1. Rāhu with the Sun and Moon is akin to a solar eclipse, and that too in Cancer or Leo damages the heart and lungs (Cn) or liver and stomach (Le)
 2. Saturn and Mars aspecting the Lagna complete the negative association of all four malefic planets
 3. Two malefic Rāhu + Sun hit Moon while Saturn and Mars attack Lagna ...baby goes down battling for life

Karma Bhāva

कर्मस्थाने स्थितः सौरिः शत्रुस्थाने कलानिधिः।

क्षितिजः सप्तमस्थाने सह मात्रा विपद्यते॥ ८॥

karmasthāne sthitaḥ sauriḥ śatrusthāne kalānidhiḥ |

kṣitijah saptamasthāne saha mātṛā vipadyate || 8||

Both mother and child do not survive if –
Saturn is stationed in Karma bhāva (10th house)

- shows duṣkarma

Moon in 6th bhāva

- which is 9th from the 10th bhāva
- sharing of Śani duṣkarma

Mars in the 7th bhāva

- which is 10th from tenth bhāva – bhavat bhāva
 - has pūrṇa drṣṭi on Śani in 10th bhāva
 - Sani has Pūrṇa drṣṭi on Mars in 7th bhāva
1. Together with Lagna and 8th bhāva, the karma bhāva has an equally important third vote on longevity

Maraṇa Kāraka Sthāna

लग्ने भास्करपुत्रश्च निधने चन्द्रमा यदि।

तृतीयस्थो यदा जीवः स याति यममन्दिरम् ॥ ९॥

lagne bhāskaraputraśca nidhane candramā yadi |

tr̥tiyastho yadā jīvaḥ sa yāti yamamandiram || 9||

If Saturn is stationed in Lagna, the Moon is in the 8th bhāva and Jupiter occupied the 3rd bhāva, journey to the abode of Yama (god of death) will occur soon.

1. Parāśara teaches that planets in maraṇa kāraka sthāna are the cause of death
2. Sun in 12th, Moon in 8th, Mars in 7th, Mercury 4th or 7th, Jupiter in 3rd, Venus in 6th, Saturn in 1st, Rāhu in 9th and Ketu in 4th are Maraṇa kāraka sthāna for these planets

Maraṇa Kāraka Theory

3. Parāśara mentions 'abode of Yama' and Yama is Dharmarāja → upholder of dharma.
4. Therefore Planets in Maraṇa Kāraka sthāna indicates acts against dharma, that which causes Viṣṇu to turn His face → solution lies in worshipping the concerned avatāra for life and support against impossible odds
5. In this dictum
 - (A) Moon life giver, is in maraṇa sthāna,
 - (B) Kāraka for that bhāva Saturn is also in maraṇa sthāna and
 - (C) Planet which exalts in the sign of Moon, Jupiter is also in maraṇa sthāna
 - When Moon is in 8th bhāva, use of nīla maṇi (blue sapphire) is strongly recommended

Horā

होरायां नवमे सूर्यः सप्तमस्थः शनैश्चरः।

एकादशे गुरुः सुक्रो मासमेकं स जीवति॥ १०॥

horāyām navame sūryaḥ saptamasthaḥ śanaiścaraḥ |

ekādaśe guruḥ sukro māsamekaṁ sa jīvati || 10||

- Sun in 9th bhāva, Saturn in 7th bhāva with Jupiter and Venus in the 11th bhāva → native lives only for a month
- horāyām can be interpreted in three ways –
 1. Most commentators take this as Lagna and add Sun in Lagna or 9th house → True as we are yet to see this combination in a single chart implying that none survived to tell the tale
 2. It can refer to placement from Horā Lagna which is another important determinant of longevity
 3. It can refer to horā chakra (D2 Chart)

Neṣṭā Graha

व्यये सर्वे ग्रहा नेष्टाः सूर्यशुक्रेन्दुराहवः।

विशेषान्नाशकर्तारो दृष्ट्या वा भङ्गकारिणः॥ ११॥

vyaye sarve grahā neṣṭāḥ sūryeśukrendurāhavaḥ |

viśeṣānnāśakartāro dṛṣṭyā vā bhaṅgakāriṇaḥ || 11||

- All planets when placed in the 12th bhāva are 'neṣṭā' [not naṣṭa]
- Of these, Sun, Moon, Venus and Rāhu are especially destructive [of Soma].
- However, these four graha also have the power to counter when they aspect the 12th bhāva.
 1. neṣṭā is from neṣṭr referring to one of the chief officiating priests at a Soma sacrifice, he who leads forward the wife of the sacrificer (native) and prepares the Surā
 2. neṣ - to go, move

Neṣṭā Karma

- All planets in the 12th bhāva from Lagna [and also Moon] bring in the mating partner who can also be the spouse
- They work just like the neṣṭr who leads the wife to the Soma worship which leads to progeny and sustenance of life in this planet
- The lords of the 12th house are also delighted to work as neṣṭr and lead partner
- Loss of vitality occurs when this is in excess and can lead to death – Sun, Moon, Venus and Rāhu in 12th bhāva promise this
- However, the converse happens and health is restored if any of these four planets aspects the 12th bhāva → aspect causes awareness → learning leads to abstinence and protection
- Transit of planets in 12th bhāva from Lagna [or Moon]

Mahatma Gandhi

- Gandhi has Sun in 12H working actively (one of 4 important) as Neṣṭā
- 14Y, May 1883: Marriage - Venus daśā Sun antara
- 16Y 1885: Gandhi retires to bedroom where carnal desires kept him away from his father's side when he died. Gandhi later called this "double shame" becoming celibate at the age of 36, while still married.
- Moon & Rāhu: 1 pada drṣṭi on 12H will fight to curtail this
- Interesting experiments with Brahmachārya (celibacy)

Tamas Chandra

pāpānvitaḥ śaśī dharme dyūnalagnagato yadi |
śubhairavekṣitayutastadā mṛtyupradaḥ śiśoḥ || 12||

Moon in Lagna, 7th or 9th bhāva with one malefic [at least] without any benefic aspects or conjunctions → Moon becomes giver or cause of death

1. Moon is the mind and malefic planets afflicting the mind, in particular the pāpa graha – Mars, Saturn, Rāhu or Ketu cause tamas guṇa to prevail in mind
2. A stubborn mind clings to seeds of anger and depression indulging its emotions and testing the nerves, till they crack
3. Mass killers and other terrible evils are caused by Moon in 1st, 7th, 3rd or 9th house with pāpa graha. Maraṇa kāraka planets are also pāpa in their action, although well concealed

Spree murderer who killed 5 people between April 25, 1997 – July 15, 1997. His final murder was fashion designer Gianni Versace, on July 15, 1997. Eight days later, on July 23, 1997, Cunanan shot himself in the head in the upstairs bedroom.

Something happened to him in Moon daśa Saturn antardaśa Jul 1995 – Feb 1997, that made him flip the bend in the next Mercury antardaśa. Moon daśa was the end.

Vināśa Yoga

सन्ध्यायां चन्द्रहोरायां गण्डान्ते निधनाय वै।
 प्रत्येकं चन्द्रपापैश्च केन्द्रगैः स्याद्विनाशनम् ॥ १३॥
 sandhyāyām candrahorāyām gaṇḍānte nidhanāya vai |
 pratyekaṁ candrapāpaiśca kendraḡaiḥ syādvinaśanam || 13||

If birth occurs during

- (A) saṁdhyā (sunrise or sunset junctions) or
 - (B) (1) Lagna is in Moon horā or (2) Moon is lord of horā
 - (C) Gaṇḍānta exists [there are three types – Lagna, Chandra and Tithī gaṇḍānta]
 - (D) And in either of the above conditions, the Moon is in gaṇḍānta or in 8th bhāva
 - (E) And pāpa graha are in Kendra
- Then, these shall combine to bring destruction, death or both.

Saṁdhyā Definition

रवेस्तु मण्डलार्द्धास्तात् सायं संध्या त्रिनाडिका।
 तथैवार्द्धोदयात् पूर्व प्रातः संध्या त्रिनाडिका ॥ १४॥
 ravestu maṇḍalārdhastāt sāyaṁ saṁdhyā trināḍikā |
 tathaivārdhodayāt pūrvam prātaḥ saṁdhyā trināḍikā || 14||

sāyaṁ saṁdhyā: sunset period

- Three nādika (ghāṭikā) reckoned from the moment the center of solar disc is at the western horizon is the sunset twilight period

prātaḥ saṁdhyā: sunrise period

- Three nādika (ghāṭikā) reckoned before the moment the center of solar disc is at the eastern horizon is the sunrise twilight period
1. Twilight does not start with sunset nor does it end with sunrise
 2. Sunrise occurs when the tip of the sun is visible in eastern horizon and the twilight continues for about 5 minutes till the center of the sun touches horizon

Ardha Chakra

चक्रपूर्वापराद्धेषु क्रूरसौम्येषु कीटभे।

लग्नगे निधनं याति नाऽत्र कार्या विचारणा ॥ १५॥

cakrapūrvāparāddheṣu krūrasaumyeṣu kīṭabhe |

lagnage nidhanam yāti nā'tra kāryā vicāraṇā || 15||

- (A) All malefic planets are placed in the half from the cusp of 10th bhāva to cusp of 4th bhāva (Lagna half)
- (B) All benefic planets are placed in the other side (setting half) from cusp of 4th bhāva through 7th bhāva to the cusp of 10th bhāva
- (C) Lagna is Scorpio
 - No need to even think on this issue, no doubt that Scorpio will cause the death of the native
- 1. In such charts which almost fulfill the criteria, benefic planets that crept into the 'insider houses' 10→4 via Lagna, play a crucial role in defining the person and career
- 2. Normally it will be very tough to find a chart with this combination as they just don't survive

Shadow of Sun

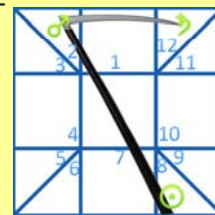

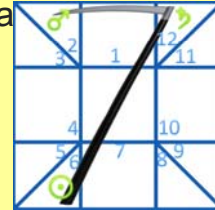

व्ययशत्रुगतैः क्रूरैर्मृत्युद्रव्यगतैरपि।

पापमध्यगते लग्ने सत्यमेव मृतिं वदेत् ॥ १६॥

vyayaśatrugataiḥ krūrairmṛtyudravagatairapi |

pāpamadyagate lagne satyameva mṛtiṁ vadet || 16||

- (A) Malefic planets in both 6th and 12th bhāva
- (B) OR Malefic planets in both 8th and 2nd bhāva
- (C) AND Malefic planets in 2nd and 12th bhāva
 - These shall lead to death
- 1. Malefic planets simultaneously in 6-12 axis or 2-8 axis are the cause of bandana yoga
- 2. Malefic planets in both 2 & 12 houses from any bhāva cause pāpa kartari yoga on that bhāva thereby bleeding it dry. Kartari means scissors.
- 3. Houses 2, 6, 8 & 12 are called the 'shadow houses' Chāyā bhāva.
- 4. Conversely, a benefic in these bhāva fights evil

ॐ Tamas Chandra 1

लग्नसप्तमगौ पापौ चन्द्रोऽपि क्रूरसंयुतः।
यदा नावेक्षितः सौम्यैः शीघ्रान् मृत्युर्भवेत्तदा ॥ १७॥
lagnasaptamagau pāpau candro'pi krūrasaṁhyutaḥ |
yadā nāvekṣitaḥ saumyaiḥ śīghrānmṛtyurbhavettadā ॥ 17॥

A. Pāpa graha (sinful) in Lagna
and 7th bhāva

B. And Krūra graha conjoins
Chandra [in any bhāva]

C. None have a benefic dr̥ṣṭi or
yuti

Death occurs very soon

Thomas Richard Harkin is United States Senator from Iowa. (A) Malefic planets are in Lagna and 7th bhāva – both in rāsi and bhāva chakra. (B) Moon is conjoined a malefic planet Mars. This should have lead to bala-riṣṭa. However, refer 'durmantra yoga' where Moon, Mars, Sun or Saturn should be in 5H. Moon + Mars in 5H threatens mother. Also parivartana between Mars and Saturn = Mother (from Slovenia) died in his 11th year.

Tamas Chandra 2

kṣīṇe śaśini lagnasthe pāpaiḥ kendraṣṭasamsthitaḥ |
yo jāto mṛtyumāpnoti sa vipreśa na samśayaḥ || 18||
pāpayormadhyagaścandro lagnāṣṭāntimasaptamaḥ |
acirānmṛtyumāpnoti yo jātaḥ sa śisustadā || 19||

- A. Kṣīṇa (Low Light) Chandra
- B. Placed in Lagna, 7th, 8th or 12th bhāva
- C. Pāpa graha on either side of Chandra [Pāpa Kartari]
 - Without doubt the native has automatic death which is quite early
 - 1. Kṣīṇa Chandra is normally accepted as
 1. Kṛṣṇa Ekādaśī [K11] to Śukla Pañcamī [S5]
 2. Others prefer Kṛṣṇa Aṣṭamī [K8] to Śukla Aṣṭamī [S8]
 - 2. The Lord of the tithī is the harbinger of evil if it is inimical to the dominating planet in lagna

Tamas Chandra 3

पापद्वयमध्यगते चन्द्रे लग्नसमाश्रिते।
सप्ताष्टमेन पापेन मात्रा सह मृतः शिशुः॥ २०॥
pāpadvayamadhyagate candre lagnasamāśrite |
saptāṣṭamena pāpena mātṛā saha mṛtaḥ śīśuḥ || 20||

- A. In the conditions of Tamas Chandra 2, excluding 12th bhāva i.e. only Moon in Lagna, 7th or 8th bhāva be considered with pāpa kartari yoga
- B. Simultaneously, at least one malefic afflicting 7th and 8th bhāva
- C. Child will face immediately death along with mother
 - In previous Tamas Chandra 2 other bhāva 7th and 8th were not afflicted. This extends the affliction.

Tri-Pāpa 2

शनेश्चरार्कभौमेषु रिषधर्माष्टमेषु च।
 शभैरवीक्ष्यमाणेषु यो जातो निधनगतः॥ २१॥
 śanaīscarārkaḥbhaumeṣu riṣphadharmāṣṭameṣu ca |
 śabhairavīkṣyamāṇeṣu yo jāto nidhanagataḥ || 21||

A. Saturn, Sun and Mars being in the 12th, 9th and 8th bhāva respectively

B. No aspects from benefic planet

C. Native has immediate death

Also applicable if the tri-pāpa (Saturn, Sun, Mars) are one each in any of 12th, 9th or 8th bhāva.

Drekkāṇa [Karma]

यद् द्रेष्काणे च यामित्रे यस्य स्याद्धारुणो ग्रहः।
 क्षीणचन्द्रो विलग्नस्थः सद्यो हरति जीवतम् ॥ २२॥
 yaddreṣkāṇe ca yāmitre yasya syāddāruṇo grahaḥ |
 kṣīṇacandro vilagnasthaḥ sadyo harati jīvatam || 22||

A. Consider relevant drekkāṇa chakra

B. Malefic in 1st and 7th bhāva

C. Kṣīṇa (Low Light) Chandra in vilagna

D. Early death [as indicated by malefics]

1. Kṣīṇa Chandra is normally accepted as
 1. Kṛṣṇa Ekādaśī [K11] to Śukla Pañcamī [S5]
 2. Others prefer Kṛṣṇa Aṣṭamī [K8] to Śukla Aṣṭamī [S8]
2. विलग्न vilagna is considered by most as Lagna
3. There are some drekkāṇa charts – Parāśara D3 (siblings), Jagannāth D3 (karma phala), Somanāth D3 (Ojas), Parivritti Drekkāṇa etc.

Apoklimas

आपोक्लिमस्थिताः सर्वे ग्रहा बलविवर्जिताः।

षण्मासं व द्विमासं व तस्यायुः समुदाहृतम् ॥ २३॥

āpoklimasthitāḥ sarve grahāḥ balavivarjitāḥ |

ṣaṇmāsam va dvimāsam va tasyāyuh samudāhṛtam || 23||

A. All planets station in the apoklimas bhāva without strength

B. Longevity said to be of 2 months or 6 months duration as an example

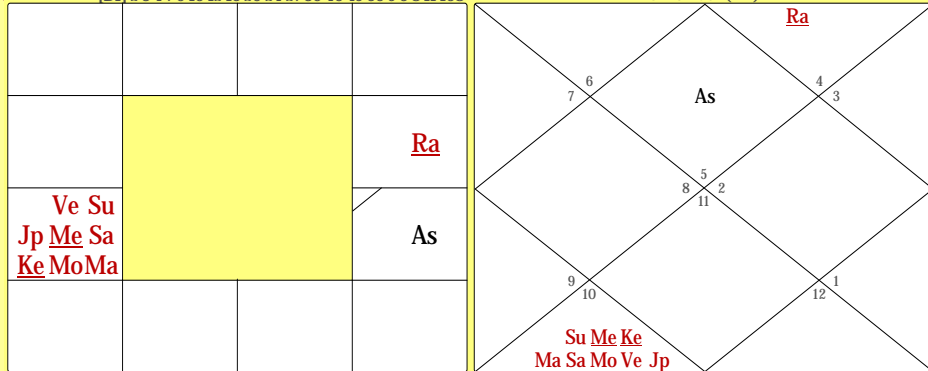

- Apoklima Houses = 3rd, 6th, 9th and 12th bhāva
 - Planets in kendra [1,4,7,10] are young
 - Planets in paṇapara [2,5,8,11] are middle aged
 - Planets in apoklimas [3,6,9,12] are old
- 2 months is period of Jupiter
- 6 months is period of Sun
- The catch lies in 'balavivarjitā' [without strength] which has been missed by most commentators and the entire reading can go wrong
